

Company Quality Policy

R. A. Labone & Co. Ltd. exists to supply precision pressings, injection mouldings and associated assemblies at a quality level required by our customers and delivered to an agreed schedule at a competitive price.

To succeed we believe it is essential that we are all responsible for quality and must ensure the effectiveness of the Quality Management System by continually reviewing our actions and seeking improvement where required.

Specific [objectives](#) compatible with the Quality Policy will be set by management at the annual Management Review and regularly reviewed.

The Quality Manuals and related procedures describe the Management System in use and the Company's commitment to the requirements of ISO 9001:2015 and, where applicable IATF 16949:2016 or ISO 13485:2016.

When acting as a Medical Device Manufacturer, the Company is committed to meeting the requirements of Directive 93/42/EEC as amended up to and including 2007/47/EC.
